

Trail Ride

Trail riding at the International Riding School at Horseshoe Point is a wonderful way to enjoy some time on horseback while discovering the natural surroundings over a wide variety of terrain.

We have numerous trails of various length and difficulty. Beginner riders will ride at a walk with a leading groom. More advanced riders will be in a separate group and can enjoy trot and canter.

Our scenic trail rides pass by sandy flats, man-made mini-lakes, hills, pineapple fields, rubber plantations, a golf course and small villages.

Every trail features a different aspect of the surrounding valley and will make for a unique and memorable experience!
